

WORKSHOPS

Would you like your pupils to learn more about Claire House and the children we support?

We offer schools and colleges tailored workshops, that encourage pupils to respect and celebrate diversity, develop communication skills and improve their social awareness.

Our workshops are a perfect way to really bring SMSC qualities to the forefront in the classroom and can be adapted for any age and ability!

MAKATON SIGN LANGUAGE

Makaton Sign Language - many of the children at Claire House use Makaton sign language to communicate with others. We will teach pupils some basic, seasonal signs to help them appreciate the importance of inclusive communication.

SENSORY AWARENESS SESSIONS

This gives pupils an insight and understanding to the world of young people with different sensory needs.

COMMUNITY CONTRIBUTION

How pupils can make a positive difference in their local community.
